Guidelines for Providing Public Comment to the Marine Life Protection Act South Coast Project

The Marine Life Protection Act (MLPA) Initiative is designed as a transparent, science-based and stakeholder-driven process. As such, public comment is important to the success of the marine protected area (MPA) planning process. There are different methods available for public comment listed below.

Verbal Comments at Meetings

All meetings of the MLPA Initiative process will offer a minimum of one opportunity for public comment. Guidelines for general public comment at meetings include:

- Comment cards will be available approximately 1.5 hours before the start of each public comment period. Speakers are requested to choose one comment period in which to speak.
- Comment cards are requested to be submitted 15 minutes before the start of a public comment period. No new comment cards will be accepted once the comment period has begun. Speakers must be present and turn in their own cards (this also applies to all individual speakers who wish to cede their time to other speakers).
- Comment cards will be counted and, at the discretion of staff or the chair, the time allocated to each speaker will be based on the total available time and number of individuals wishing to speak. Time allotments will be enforced.
- Speakers with a shared message or from the same organization are encouraged to combine speaking points. Additional time for comment will be given to these 'spokespeople' and those who have ceded their time can stand to show support.
- Speakers with ceded time will be placed at the front of the queue. All other members of the public will be invited to speak in the order the speaker cards are received.
- Speakers are welcome to distribute written material to the audience. Other media presentations, such as slides and videos, are only permitted by prior arrangement (contact Kelly Sayce at 310-738-2665 or kelly@strategiccoceansolutions.com) and may be limited depending on time availability. Please arrive early and let staff know if you have a media presentation. An alternate space in the venue will be provided for displaying any additional media information, as needed and as space is available.

- The time for public comment will be noticed in the agenda for each meeting.
 - For the upcoming MLPA Blue Ribbon Task Force meeting:
 - **On October 21, 2009** specific public comment will be taken at approximately 1:30 p.m. for approximately three hours. All comments provided at this time should be directly related to developing a final recommended MPA proposal for the south coast.
 - **On October 21, 2009** general public comment will be taken at approximately 7:00-10:00 p.m.
 - We request that you choose one comment period in which to speak at the upcoming BRTF meeting. If you request to speak during both comment periods, your comments during the evening session must be related to something other than developing the preferred MPA proposal to recommend for the south coast.
- An atmosphere of respect and consideration among the public is essential for a productive comment period. Verbal threats, hostile comments, clapping, jeering and the like will not be tolerated and may lead to immediate dismissal.

Written Comments

Written comments are accepted on an ongoing basis via email, fax or mail. All written comments are collated on a weekly basis and distributed to the south coast regional stakeholder group, blue ribbon task force (BRTF), and staff, as well as the science advisory team if the comments are science related.

Written comments on Round 3 final proposals are encouraged to be submitted by midnight on October 11, 2009 so that BRTF members receive them in advance of the October meeting. Written comments will still be accepted after October 11; however, comments received after October 11 will not be received by the BRTF in advance of the October 20-22 meeting.
